Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Tuesday 08 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry, warm day, with plenty of sunshine throughout.

Today:
Any lingering fog clearing quickly, giving a dry and fine day across the region, with sunny spells through patchy cloud. Feeling warm, with a light breeze along coastal areas. Maximum temperature 21 deg C (70 deg F).

Tonight:
Bright skies this evening, with clear skies overnight. Cloud approaching from the west, covering Cornwall by dawn. Fog patches developing in prone areas. Feeling mild beneath the cloud, chillier elsewhere. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Cloud will generally increase from the west with some coastal and hill fog patches. Eastern parts holding onto the best brightness. Staying dry and feeling warm and humid. Maximum temperature 23 deg C (73 deg F).

Outlook for Thursday to Saturday:
Rather cloudy on Thursday and Friday, with patchy drizzle. Dry and bright on Saturday. Overnight fog likely through this period, especially along northern coasts. Feeling warm throughout.
